Filler piece

SLJT2

Code	SLJT2
GTIN	6438100303211
Name	Filler piece 16-35 mm ² SLJ2.27
Description	The filler pieces are used together with SLJ shear head bolt connectors, when it is necessary to join conductor sizes smaller than the range of the connector allows. They are suitable for both aluminium and copper conductors. The piece extends the size of the conductor to the minimum size required for the connector.

Vendor

Technical specification

Dimensions

Nominal cross section:	16 ... 35 mm ²
Conductor size Al:	16 ... 35 mm ²
Conductor size Cu:	16 ... 35 mm ²
Weight:	0.0062 kg

Features

For conductor shape:	Stranded,Solid,Sector,Round
For connector:	SLJ2.27
Rated maximum voltage:	0,6/1 (1,2) kV

Others

ETIM Class:	EC001054

Nominal cross section copper RM:	16 ... 35 mm ²
Nominal cross section copper RE:	16 ... 35 mm ²

Nominal cross section copper SM:	16 ... 35 mm ²
Nominal cross section aluminium RM:	16 ... 35 mm ²
Nominal cross section aluminium RE:	16 ... 35 mm ²
Nominal cross section aluminium SM:	16 ... 35 mm ²
Nominal cross section aluminium SE:	16 ... 35 mm ²
Material conductor:	Aluminium/copper
Surface protection:	Tinned

Packaging

Pallet package

Unit:	PCE
Package size:	52500
Depth:	1200 mm
Width:	800 mm

Default package

Unit:	PCE
Package size:	150
Depth:	210 mm
Width:	210 mm
Height:	110 mm
Weight:	0.93 kg
Volume:	4.851 l
