Filler piece

SLJT3

Code SLJT3
 GTIN 6438100303228
 Name Filler piece
 25-70 mm² SLJ3.47

Description The filler pieces are used together with SLJ shear head bolt connectors, when it is necessary to join conductor sizes smaller than the range of the connector allows. They are suitable for both aluminium and copper conductors. The piece extends the size of the conductor to the minimum size required for the connector.

Vendor

Technical specification

Dimensions

Nominal cross section:	25 ... 70 mm ²
Conductor size Al:	25 ... 70 mm ²
Conductor size Cu:	25 ... 70 mm ²
Weight:	0.0135 kg

Features

For conductor shape:	Stranded,Sector,Solid,Round
For connector:	SLJ3.47
Rated maximum voltage:	0,6/1 (1,2) kV

Others

ETIM Class:	EC001054
-------------	----------

ETIM 7 Technical specification

etim

Nominal cross section copper RM:	25 ... 70 mm ²
Nominal cross section copper RE:	25 ... 70 mm ²

Nominal cross section copper SM:	25 ... 70 mm ²
Nominal cross section aluminium RM:	25 ... 70 mm ²
Nominal cross section aluminium RE:	25 ... 70 mm ²
Nominal cross section aluminium SM:	25 ... 70 mm ²
Nominal cross section aluminium SE:	25 ... 70 mm ²
Material conductor:	Aluminium/copper
Surface protection:	Tinned

Packaging

Pallet package

Unit:	PCE
Package size:	15750
Depth:	1200 mm
Width:	800 mm
Height:	890 mm

Default package

Unit:	PCE
Package size:	150
Depth:	210 mm
Width:	210 mm
Height:	110 mm
Weight:	2.025 kg
Volume:	4.851 l
