Filler piece

SLJT4

Code	SLJT4
GTIN	6438100303235
Name	Filler piece 95-120 mm ² SLJ4.47
Description	The filler pieces are used together with SLJ shear head bolt connectors, when it is necessary to join conductor sizes smaller than the range of the connector allows. They are suitable for both aluminium and copper conductors. The piece extends the size of the conductor to the minimum size required for the connector.

Vendor

Technical specification

Dimensions

Nominal cross section:	95 ... 120 mm ²
Conductor size Al:	95 ... 120 mm ²
Conductor size Cu:	95 ... 120 mm ²
Weight:	0.0197 kg

Features

For conductor shape:	Sector,Solid,Round,Stranded
For connector:	SLJ4.47
Rated maximum voltage:	0,6/1 (1,2) kV

Others

ETIM Class:	EC001054

ETIM 7 Technical specification

etim

Nominal cross section copper RM:	95 ... 120 mm ²
Nominal cross section copper RE:	95 ... 120 mm ²

Nominal cross section copper SM:	95 ... 120 mm ²
Nominal cross section aluminium RM:	95 ... 120 mm ²
Nominal cross section aluminium RE:	95 ... 120 mm ²
Nominal cross section aluminium SM:	95 ... 120 mm ²
Nominal cross section aluminium SE:	95 ... 120 mm ²
Material conductor:	Aluminium/copper
Surface protection:	Tinned

Packaging

Pallet package

Unit:	PCE
Package size:	15750
Depth:	1200 mm
Width:	800 mm

Default package

Unit:	PCE
Package size:	150
Depth:	210 mm
Width:	210 mm
Height:	160 mm
Weight:	2.955 kg
Volume:	7.056 l
