

Technique for cable laying and overhead line construction

- Energy cable laying up to 680 kV
- Fibre optic, mini and micro cables
- Cable winding and length measuring
- Overhead line construction up to 110 kV
- Seminars and product instructions

Manual cable length measuring devices

Manual cable and line length measuring devices with counter up to 9999,99 m. Accuracy $\pm 2,0$ %. Figure height 7 mm. Laterally open for endless measuring of cables and conductors. Constant spring pressure and fine adjustment. Calibration and justification for this device is not possible due to the complexity.
