

Item no. 771-9993/805-102

WINSTA® MIDI > pre-assembled adapter cable; Eca; Plug/Cold
 equipment coupling; 3-pole; Cod. A; 1 m; 1,00 mm²; white

Color:

Cable assembly WINSTA® MIDI 3-pole

Use effective pluggable connections instead of laborious screw connections: With the **WINSTA® MIDI** cable assembly 3-pole. On PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to make connections according to various requirements in no time flat.

The coding options reduce installation errors, allowing fast, secure wiring of all components. The pluggable installation connector offers protection against contact with live components in accordance with protection type IP20. Standard mains applications for almost any domain of use can be realised with **WINSTA® MIDI** pluggable installation connectors with A-coding. The **WINSTA® MIDI** Pluggable Connection System with Push-in **CAGE CLAMP®** spring pressure connection technology facilitates precise electrification. Due to the integrated test slot, it is possible to check connections even when they are plugged in. That saves time and reduces installation labor and costs. This product meets all the mandatory fire protection requirements of fire class E; therefore it can be used in domains where fire safety is relevant.

Fast, error-free assembly thanks to cable assemblies from WAGO

A plug and an angled cold equipment coupling are provided. The WINSTA® Pluggable Connection System is perfectly tailored to the strict requirements of building installation. It makes electrical installation pluggable, and therefore faster, more reliable, and error-free. Using this pre-assembled system decreases assembly times and installation errors at the construction site. Choose durability and quality – the WINSTA® MIDI pluggable installation connector with protection against mismating from WAGO makes the electrical installation of electrical components visibly easier.

- protection against mismating eliminates errors
- simple circuits
- for any mains application
- exact dimensions
- quick replacement of defective units during ongoing operation
