Color:

Flat cable WINSTA® IDC 5-pole

The flat cable from the WINSTA® IDC product line is the intelligent solution for straightforward installation. With WAGO, you benefit from a large selection of expansions for the WINSTA® product line.

Of course, the safety of buildings must always be ensured, even after the electrical installation has been performed. The required safety requirements in connection with EU CPR are fully satisfied by this product through fire class E.

Push-in CAGE CLAMP® spring pressure connection technology – pluggable installation instead of laborious screw connections!

WINSTA® is the pluggable connection system that is optimally tailored to the strict requirements of electrical installation. It ensures error-free installation of cables and components, quickly and reliably. Now you can also cut installation costs without compromising quality and safety. The WINSTA® IDC accessory with fire class E eliminates the need for servicing and prevents unnecessary downtime.

- products perfectly tailored to your requirements guarantee safe use
 - quick replacement of defective units during ongoing operation
