SLX EL LED FLAT COVER 8h 24m IR WM

Item number EN10077302

The SLX series emergency lights provide variable LED solutions for indicating escape routes. Whether a classic, robust design, a modern, discreet design or a slim body especially for wall mounting: Due to the modular design concept, there is the right design for almost every requirement for the shared basic housing. In addition to the single-battery variants, versions for systems with central battery operation are also available.
