771-9985/207-302

Item no. 771-9985/207-302

**WINSTA® MIDI** > pre-assembled connecting cable; Eca;  
Plug/open-ended; 5-pole; Cod. I; H05VV-F 5G 2.5 mm<sup>2</sup>; 3 m;  
2,50 mm<sup>2</sup>; blue

Color:

## Cable assembly **WINSTA® MIDI** with protection against mismatching

For signal and power transmission: The **WINSTA® MIDI** cable assembly with protection against mismatching. Whether on PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to make connections according to a huge variety of requirements in next to no time.

The mechanical coding and color coding of the pluggable installation connector ensure error-free installation of the individual components – including protection against mismatching. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20. **WINSTA® MIDI** pluggable installation connectors with I coding in blue are particularly suitable for intelligent, for example for the dimming function of DALI lights. The rated current and voltage are important criteria for selecting a pluggable installation connector: They tell us about the product's domains of use. This product has a current rating of 20 A – as a result it is also suitable for robust loads. The **WINSTA® MIDI** product line offers flexibility for the installation of applications. Through its Push-in **CAGE CLAMP®** spring pressure connection technology, it achieves time-saving, error-free installation and offers flexibility for meeting all installation requirements. According to the European

CPR, the fire class of the cables used for construction is essential for building safety, too. For houses with average safety requirements, cable assemblies with fire class E are suitable.

## Fast, error-free assembly thanks to cable assemblies from WAGO

The cable is pre-assembled with a plug and a free end. The WINSTA® Pluggable Connection System allows pluggable electrical installation. This saves time, lowers costs, and reduces the need for servicing. Enjoy the benefits of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MIDI pluggable installation connectors with strain relief housing from WAGO.

- protection against mismatching eliminates errors
- for automation controllers
- with I coding for use in the automation of buildings (lighting control)
- custom-engineered solutions
- quick replacement of defective units during ongoing operation
