Item no. 770-854

WINSTA® MIDI > Plug for PCBs; straight; 4-pole; Cod. B; gray

Color:

Male connector/plug WINSTA® MIDI rated current 25 A

The WINSTA® MIDI male connector/plug 4-pole saves money and space thanks to its compact dimensions. The pluggable PCB connectors with spring pressure connection technology and Push-in CAGE CLAMP® technology from WAGO permit impact-resistant, maintenance-free, fast terminal connections.

The mechanical coding and color coding of the pcb connector ensure error-free installation of the individual components – including protection against mismatching. Solutions like the WINSTA® MIDI pcb connectors with B coding are suitable for applications related to process control, for example, for lighting or within data networks. This pcb connector is used for electrical currents up to 25 A. Thus the product is also suitable for high power loads. The WINSTA® MIDI Pluggable Connection System with Push-in CAGE CLAMP® spring pressure connection technology facilitates precise electrification. Thanks to the included test slot, connections can be checked even when they are plugged in. This saves time, labor, and money.

**Lower costs through fast commissioning and elimination of service expenses
– solutions from WINSTA® MIDI**

WNSTA® is the pluggable connection system that is perfectly tailored to the strict requirements of electrical installation. It allows error-free installation of cables and components, quickly and reliably. Now you can also reduce installation costs without compromising safety and quality. The WNSTA® MIDI pcb connector with marking eliminates the need for servicing and prevents unnecessary downtime.

- effective protection against mismatching
- for automation controllers
- with B coding for controllers such as sun blinds and lighting fixtures
- convenient installation and commissioning
