771-9993/207-202

Item no. 771-9993/207-202

WINSTA® MIDI > pre-assembled connecting cable; Eca;
Plug/open-ended; 3-pole; Cod. A; H05VV-F 3G 2.5 mm²; 2 m;
2,50 mm²; white

Color:

Cable assembly **WINSTA® MIDI 3-pole**

Use effective pluggable connections instead of laborious screw connections: With the **WINSTA® MIDI** cable assembly 3-pole. Our pluggable installation connectors with spring pressure connection technology work without screw connections. They allow flexible, error-free installation in numerous possible uses.

The coding options reduce installation errors, allowing fast, secure wiring of all components. The pluggable installation connector offers protection against contact with live components in accordance with protection type IP20. The **WINSTA® MIDI** pluggable installation connector with A coding in white or black is normally used for general mains applications in power distribution. This pluggable installation connector can be used for electrical currents up to 20 A. Thus the product is especially suitable for high power loads. **WINSTA® MIDI** with Push-in **CAGE CLAMP®** spring pressure connection technology is found in a broad range of individual products you can use for quick, easy and maximally flexible electrical installation. This product meets all the relevant safety requirements of fire class E; therefore it can be used in areas where fire safety is relevant.

Fast, error-free assembly thanks to cable assemblies from WAGO

The cable is pre-assembled with a plug and a free end. The WINSTA® Pluggable Connection System is perfectly tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and therefore faster, even more reliable, and error-free. Use of this pre-assembled system decreases assembly times and errors during installation at the construction site. Now you can also reduce installation costs without compromising safety and quality. The WINSTA® MIDI pluggable installation connector with fire class E reduces the need for servicing and prevents unnecessary downtime.

- pluggable installation connectors with protection against mismatching
- pre-assembled versions
- with Acoding for a great number of applications
- exact dimensions
- fast, secure installation
