Item no. 771-9985/206-202

WINSTA® MIDI > pre-assembled connecting cable; Eca;
Plug/open-ended; 5-pole; Cod. I; H05VV-F 5G 1.5 mm²; 2 m;
1,50 mm²; blue

Color:

Cable assembly **WINSTA® MIDI** with protection against mismatching

The **WINSTA® MIDI** cable assembly with protection against mismatching provides the foundation for assembly of solid and fine-stranded conductors. Whether on PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to make connections according to an enormous variety of requirements in next to no time.

For greater security in electrical installations, the pluggable installation connector is equipped with mechanical protection against mismatching. The pluggable installation connector is protected in accordance with protection type IP20. This means that users' fingers will never come into contact with electrified elements. **WINSTA® MIDI** pluggable installation connectors with I coding in blue are above all suitable for intelligent, for instance for the dimming of DALI lights. The **WINSTA® MIDI** product line guarantees total flexibility for the installation. Through its Push-in **CAGE CLAMP®** spring pressure connection technology, it achieves error-free, time-saving installation and offers customization and flexibility for meeting various installation requirements. Of course, the safety of buildings must always be ensured, even after the electrical installation has been performed. The mandatory safety requirements in connection with EU CPR are met by this product through fire class E.

Pluggable connections instead of screw connections – cable assemblies from WAGO

The cable is pre-assembled with a plug and a free end. The WINSTA® Pluggable Connection System allows pluggable electrical installation. This saves time, lowers costs, and reduces the need for servicing. Now you can also reduce installation expenses without compromising safety and quality. The WINSTA® MDI pluggable installation connector with strain relief hosting reduces the need for servicing and prevents unnecessary downtime.

- effective protection against mismatching
- pre-assembled versions
- for intelligent, easy lighting installation
- custom-engineered solutions
- quick replacement of defective units during ongoing operation
