

Item no. 770-733/007-000

**WINSTA® MIDI** > Snap-in plug; with direct ground contact; 3-pole; Cod. A; 4,00 mm<sup>2</sup>; white

Color:

## Male connector/plug WINSTA® MIDI with protection against mismatching

For signal and power transmission: The WINSTA® MIDI male connector/plug rated current 25 A. Whether on PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to make connections according to a huge variety of requirements in no time flat.

For greater protection in electrical installations, the pluggable installation connector is equipped with mechanical protection against mismatching. The pluggable installation connector is protected in accordance with protection type IP20. This means that users' fingers will never come into contact with live elements. Thanks to the color coding and mechanical A coding of WINSTA® MIDI pluggable installation connectors, you can clearly distinguish different circuits. This pluggable installation connector can be used for a load of up to 25 A. Therefore, it can also be used for high power loads. WINSTA® MIDI with Push-in CAGE CLAMP® spring pressure connection technology is used in a broad range of individual products you can use for quick, easy and maximally flexible electrical installation. In the snap-in versions, the locking levers are already installed at the factory. Thus the snap-in connection is child's play – easy to establish and securely locked.

**Push-in CAGE CLAMP® spring pressure connection technology – pluggable**

installation instead of laborious screw connections!

The WINSTA® Pluggable Connection System allows pluggable electrical installation. This significantly reduces the need for servicing and lowers costs. Choose quality and durability – the WINSTA® MIDI pluggable installation connector with locking lever from WAGO makes the electrical installation of electrical components significantly easier.

- effective protection against mismating
- pre-assembled versions
- with Acoding for a large number of applications
- custom-engineered solutions
- convenient installation and commissioning
