Use effective pluggable connections instead of laborious screw connections: With the **WINSTA® MIDI** cable assembly A coding. Whether on PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to establish connections according to various requirements in next to no time.

The coding options reduce installation errors, allowing fast, secure wiring of all components. The pluggable installation connector offers touch-proof protection with live components in accordance with protection type IP20. Standard mains applications for almost any domain of use can be implemented with **WINSTA® MIDI** pluggable installation connectors with A coding. Our **WINSTA® MIDI** product line guarantees flexibility for the installation. With its Push-in **CAGE CLAMP®** spring pressure connection technology, it ensures error-free, time-saving installation and offers customization and flexibility for meeting an enormous variety of installation requirements. Building safety must be ensured at all times, even after the electrical installation stage. The required safety requirements in connection with EU CPR are met by this product through fire class E.

Fast, secure pluggable connections – cable assemblies from WAGO
