771-8965/107-202

Item no. 771-8965/107-202

**WINSTA® MIDI** > pre-assembled connecting cable; Eca;  
Distribution connector with phase selection/open-ended; 5-pole;  
Cod. A; H05VV-F 5G 2.5 mm<sup>2</sup>; 2 m; 2,50 mm<sup>2</sup>; white

Color:

## Cable assembly **WINSTA® MIDI** rated current 20 A

The **WINSTA® MIDI** cable assembly 5-pole allows installation of solid and fine-stranded conductors. The pluggable installation connectors with spring pressure connection technology function without screw connections. They allow flexible, error-free installation in a large number of applications.

For greater protection in electrical installations, the pluggable installation connector is provided with mechanical protection against mismatching. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20. This pluggable installation connector can be employed for a current load of up to 20 A. Thus, it can also be used for high power loads. **WINSTA® MIDI** with Push-in **CAGE CLAMP®** spring pressure connection technology is used in can be found in a variety of projects you can use for quick, easy, secure, tailored installation. This product meets all the relevant fire protection requirements of fire class E; as a result it can be used in domains where fire safety is relevant.

**Fast, secure pluggable connections – cable assemblies from WAGO**

The cable is pre-assembled with a distribution connector with phase selection and a free end. WINSTA® is the pluggable connection system that is ideally tailored to the strict requirements of electrical installation. It allows error-free installation of cables and components, quickly and reliably. Now you can also lower installation costs without compromising safety and quality: The WINSTA® MIDI pluggable installation connector with fire class E reduces the need for servicing and prevents unnecessary downtime.

- pluggable installation connectors with protection against mismatching
- for automation controllers
- ready to install and use immediately
- quick replacement of defective units during ongoing operation
