

Item no. 771-5001/150-000

**WINSTA® MIDI** > pre-assembled connecting cable; Eca;  
 Plug/open-ended; 5-pole; Cod. I; H05VV-F 3G 1.5 mm<sup>2</sup>; 3 m;  
 1,50 mm<sup>2</sup>; blue

Color:

## Cable assembly **WINSTA® MIDI** 5-pole

Use effective pluggable connections instead of laborious screw connections: With the **WINSTA® MIDI** cable assembly I coding. The pluggable installation connectors with spring pressure connection technology function entirely without screw connections. They allow fast, efficient, error-free installation in numerous applications.

The color coding and mechanical coding of the pluggable installation connector ensure error-free installation of the individual components – including protection against mismatching. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20. **WINSTA® MIDI** pluggable installation connectors with I coding in blue are especially suitable for easy lighting installation, for example for the dimming function of DALI lights. The **WINSTA® MIDI** Pluggable Connection System with Push-in **CAGE CLAMP®** spring pressure connection technology facilitates precise electrification. Thanks to the built-in test slot, it is possible to check connections even when they are plugged in. That saves time and reduces installation labor and expense. Building safety must be ensured at all times, even after the electrical installation stage. The mandatory safety requirements in connection with EU CPR are fully satisfied by this product through fire class E.

Fast, secure pluggable connections – cable assemblies from WAGO

A plug and a free end are provided. The WINSTA® Pluggable Connection System allows pluggable electrical installation. This significantly reduces the need for servicing and lowers costs. Enjoy the benefits of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MIDI pluggable installation connectors with fire class E from WAGO.

- pluggable installation connectors with protection against mismatching
- for automation controllers
- with I coding for lighting control (DALI standard)
- custom-engineered solutions
- convenient installation and commissioning
