Item no. 899-631/313-000

WINSTA® Boxen > Distribution box; DALI; 1 input; 5 outputs;
Cod. I; MIDI; black

Color:

WINSTA® Boxen rated current 25 A

The distribution box from the *WINSTA®* Boxen product line with protection type IP20 guarantees you the greatest possible flexibility in electrical installation. With WAGO, you can enjoy the advantages of a large selection of accessories for the *WINSTA®* product line.

For greater security in electrical installations, the distribution box is provided with mechanical protection against mismatching. The distribution box offers protection against contact with live components in accordance with protection type IP20. Controlled lighting, as implemented in the DALI standard, for instance, is the main use of *WINSTA®* Boxen with I coding. Important parameters in the selection of a distribution box are the rated current and voltage: They tell us about the product's domains of use. This product has a current rating of 25 A – therefore it is also suitable for powerful loads.

WINSTA® Boxen solutions for your electrical installation – protected against mismatching and maintenance-free

The *WINSTA®* Pluggable Connection System allows pluggable electrical installation. This

significantly reduces the need for servicing and lowers costs. Enjoy the benefits of our maintenance-free spring pressure connection technology too! Plan your installation with *WNSTA*® Boxen with protection type IP20 from WAGO.

- protection against mismating eliminates errors
- clear slot identification for easy commissioning
- cost savings – reduction of on-site waste
- with I coding for use in building automation (lighting control)
- convenient installation and commissioning
