

Item no. 771-9985/207-102

WINSTA® MIDI > pre-assembled connecting cable; Eca;
 Plug/open-ended; 5-pole; Cod. I; H05VV-F 5G 2.5 mm²; 1 m;
 2,50 mm²; blue

Color:

Cable assembly **WINSTA® MIDI** with protection against mismatching

Use effective pluggable connections instead of laborious screw connections: With the **WINSTA® MIDI** cable assembly rated current 20 A. The pluggable installation connectors with spring pressure connection technology work without screw connections. They allow resource-efficient, error-free installation in a large number of applications.

The coding options reduce installation errors, allowing fast, secure wiring of all components. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20. I coding in blue is used to mark **WINSTA® MIDI** pluggable installation connectors, which are used predominantly in building automation for controlling lighting. This pluggable installation connector is used for electrical currents up to 20 A. Thus the product is also suitable for high power loads. The **WINSTA® MIDI** product line guarantees flexibility for the installation of applications. With its Push-in **CAGE CLAMP®** spring pressure connection technology, it achieves error-free, time-saving installation and offers flexibility and customization for meeting an enormous variety of installation requirements. According to the European CPR, the fire class of the cables used in construction is critical for building safety as well. For houses with average safety

requirements, cable assemblies with fire class E are suitable.

Fast, error-free assembly thanks to cable assemblies from WAGO

The cable is pre-assembled with a plug and a free end. WINSTA® is the pluggable connection system that is perfectly tailored to the strict requirements of electrical installation. It offers fast, secure and, above all, error-free installation of components and cables. Take advantage of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MDI pluggable installation connectors with strain relief hosting from WAGO.

- effective protection against mismatching
- pre-assembled versions
- with I coding for controlling light (DALI standard)
- ready for immediate use
- quick replacement of defective units during ongoing operation
