771-9973/206-305

Item no. 771-9973/206-305

**WINSTA® MIDI** > pre-assembled connecting cable; Eca;  
Plug/open-ended; 3-pole; Cod. S; H05VV-F 3 x 1.5 mm<sup>2</sup>; 3 m;  
1,50 mm<sup>2</sup>; brown

Color:

## Cable assembly **WINSTA® MIDI** with protection against mismatching

The **WINSTA® MIDI** cable assembly 3-pole provides the foundation for installation of solid and fine-stranded conductors. On PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to establish connections according to an enormous variety of requirements in next to no time.

For greater protection in electrical installations, the pluggable installation connector is provided with mechanical protection against mismatching. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20. Outlets and light switches can be integrated into the system with the help of **WINSTA® MIDI** pluggable installation connectors with S coding in brown. Our **WINSTA® MIDI** product line allows flexibility for the installation. With its Push-in **CAGE CLAMP®** spring pressure connection technology, it guarantees error-free, time-saving installation and offers customization for meeting all installation requirements. This product meets all the relevant safety requirements of fire class E; thus it can be used in areas where fire safety is relevant.

## Fast, secure pluggable connections – cable assemblies from WAGO

A plug and a free end are available. WNSTA® is the pluggable connection system that is ideally tailored to the strict requirements of electrical installation. It ensures error-free installation of cables and components, quickly and reliably. Enjoy the benefits of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WNSTA® MIDI pluggable installation connectors with protection against mismating from WAGO.

- effective protection against mismating
- pre-assembled versions
- with S coding for AC applications of distributed components
- flexible installation to save space
- rapid, structured electrical installation
