

Item no. 771-9985/207-702

WINSTA® MIDI > pre-assembled connecting cable; Eca;
 Plug/open-ended; 5-pole; Cod. I; H05VV-F 5G 2.5 mm²; 7 m;
 2,50 mm²; blue

Color:

Cable assembly **WINSTA® MIDI I** coding

The **WINSTA® MIDI** cable assembly with protection type IP20 ensures fast, reliable installation. The pluggable installation connectors with spring pressure connection technology function completely without screw connections. They allow resource-efficient, error-free installation in numerous applications.

For greater security in electrical installations, the pluggable installation connector is provided with mechanical protection against mismating. The pluggable installation connector is protected in accordance with protection type IP20. This means that users' fingers will never come into contact with live contact elements. I coding in blue is used to identify **WINSTA® MIDI** pluggable installation connectors, which are used primarily in automation of buildings for controlling lighting. This pluggable installation connector is designed for a load of up to 20 A. As a result, it can also be used for high power loads. The **WINSTA® MIDI** Pluggable Connection System with Push-in **CAGE CLAMP®** spring pressure connection technology facilitates exemplary electrification. Due to the included test slot, connections can be checked even when they are plugged in. That saves time and reduces installation labor and costs. This product meets all the relevant safety requirements of fire class E; therefore it can be used in domains where fire safety is relevant.

Fast, secure pluggable connections – cable assemblies from WAGO

The cable assembly is equipped with a plug and a free end. The WINSTA® Pluggable Connection System is ideally tailored to the strict requirements of building installation. It makes electrical installation pluggable, and thus faster, more reliable, and error-free. Use of this pre-assembled system decreases time spent on assembly and installation errors at the construction site. Take advantage of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MIDI pluggable installation connectors with marking from WAGO.

- effective protection against mismating
- for automation controllers
- with I coding for use in the automation of buildings (lighting control)
- ready for immediate use
- quick replacement of defective units during ongoing operation
