771-9993/007-302

Item no. 771-9993/007-302

WINSTA® MIDI > pre-assembled interconnecting cable; Eca;
Socket/plug; 3-pole; Cod. A; H05VV-F 3G 2.5 mm²; 3 m; 2,50
mm²; white

Color:

Cable assembly **WINSTA® MIDI** with protection against mismatching

For power and signal transmission: The **WINSTA® MIDI** cable assembly rated current 20 A. On PCBs, in control cabinets or for connecting lights – pluggable installation connectors from **WAGO** allow you to make connections according to various requirements in seconds.

For greater security in electrical installations, the pluggable installation connector is provided with mechanical protection against mismatching. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20. The **WINSTA® MIDI** pluggable installation connector with A coding in white or black is usually used for general mains applications in power distribution. The rated current and voltage are important criteria for selecting a pluggable installation connector: They provide information about possible domains of use and applications. This product has a current rating of 20 A – as a result it is suitable for robust loads. **WINSTA® MIDI** with Push-in **CAGE CLAMP®** spring pressure connection technology is found in a variety of projects you can use for quick, easy and maximally flexible electrical installation. Of course, the safety of buildings must always be ensured, even after the electrical installation has been performed. The mandatory safety requirements in connection with EU CPR are met by this product

through fire class E.

Fast, error-free assembly thanks to cable assemblies from WAGO

A socket and a plug are available. The WINSTA® Pluggable Connection System allows pluggable electrical installation. This significantly reduces the need for servicing and lowers costs. Now you can also lower installation costs without compromising quality and safety. The WINSTA® MIDI pluggable installation connector with strain relief hosting eliminates the need for servicing and prevents unnecessary downtime.

- pluggable installation connectors with protection against mismatching
- simple circuits
- with A coding for a large number of uses
- flexible installation to save space
- quick replacement of defective units during ongoing operation
