

Item no. 899-631/100-000

*WINSTA® Boxen* › Distribution box; Three-phase to single-phase current (400 V/230 V); 1 input; 7 outputs; Cod. A; MIDI; black

Color:

## **WINSTA® Boxen with protection type IP20**

Realize the electrical installation quickly and easily. The distribution box from the *WINSTA® Boxen* product line with A coding is the solution for error-free electrical installation. An extensive range of accessories complements the *WINSTA®* product line from WAGO.

For greater protection in electrical installations, the distribution box is equipped with mechanical protection against mismatching. The distribution box is protected in accordance with protection type IP20. This means that users' fingers will never come into contact with electrified contact elements. Thanks to the color coding and mechanical A coding of *WINSTA® Boxen*, you can clearly distinguish different circuits. Important parameters in the selection of a distribution box are the rated current and voltage: They tell us about the product's domains of use. This product has a current rating of 25 A – therefore it is also suitable for powerful loads.

***WINSTA® Boxen* solutions for your electrical installation – protected against mismatching and maintenance-free**

The WNSTA® Pluggable Connection System is ideally tailored to the strict requirements of building installation. It makes electrical installation pluggable, and consequently more efficient, more reliable, and error-free. Using this pre-assembled system reduces time spent on assembly and errors during installation at the construction site. Enjoy the benefits of our maintenance-free spring pressure connection technology tool! Plan your installation with WNSTA® Boxen with protection type IP20 from WAGO.

- distribution boxes with protection against mismatching
- clear slot identification for easy commissioning
- saves time, since no wiring is required at the construction site
- for any mains application
- fast, secure installation
