

Item no. 771-9973/206-405

WINSTA® MIDI > pre-assembled connecting cable; Eca;
 Plug/open-ended; 3-pole; Cod. S; H05VV-F 3 x 1.5 mm²; 4m;
 1,50 mm²; brown

Cable assembly **WINSTA® MIDI** with protection against mismatching

The **WINSTA® MIDI** cable assembly with protection type IP20 is the pluggable solution for your application in control cabinets, for lighting connections or on PCBs. Whether on PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to make connections according to a huge variety of requirements in no time flat.

The color coding and mechanical coding of the pluggable installation connector ensure error-free installation of the individual components – including protection against mismatching. The pluggable installation connector is protected in accordance with protection type IP20. That results in the fact that users' fingers will never come into contact with live elements. **WINSTA® MIDI** pluggable installation connectors with S coding in brown are primarily used in AC systems. **WINSTA® MIDI** with Push-in **CAGE CLAMP®** spring pressure connection technology is used in a broad range of individual products you can use for quick, easy, flexible, and secure electrical installation. Building safety must be ensured at all times, even after the electrical installation stage. The mandatory safety requirements in connection with EU CPR are fully satisfied by this product through fire class E.

Fast, secure pluggable connections – cable assemblies from WAGO

A plug and a free end are available. The WINSTA® Pluggable Connection System allows pluggable electrical installation. This saves time, lowers costs, and reduces the need for servicing. Choose durability and quality – the WINSTA® MDI pluggable installation connector with protection against mismatching from WAGO makes the electrical installation of electrical components significantly easier.

- pluggable installation connectors with protection against mismatching
- for automation controllers
- with S coding for use in components such as motors or frequency converters
- custom-engineered solutions
- fast, secure installation
