

Item no. 771-9993/107-302

WINSTA® MIDI > pre-assembled connecting cable; Eca;
 Socket/open-ended; 3-pole; Cod. A; H05VV-F 3G 2.5 mm²; 3
 m; 2,50 mm²; white

Color:

Cable assembly **WINSTA® MIDI** with protection against mismatching

The **WINSTA® MIDI** cable assembly rated current 20 A supports fast, reliable installation. Whether on PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to make connections according to many different requirements in next to no time.

For greater security in electrical installations, the pluggable installation connector is equipped with mechanical protection against mismatching. The pluggable installation connector offers touch-proof protection with live components in accordance with protection type IP20. The **WINSTA® MIDI** pluggable installation connector with A coding in black or white is usually used for general mains applications in power distribution. This pluggable installation connector can be employed for a load of up to 20 A. As a result, it can also be used for high power loads. The **WINSTA® MIDI** product line offers flexibility for the electrical installation. With its Push-in **CAGE CLAMP®** spring pressure connection technology, it ensures error-free, time-saving installation and offers customization and flexibility for meeting various installation requirements. This product meets all the relevant safety requirements of fire class E; thus it can be used in areas where fire safety is relevant.

Fast, secure pluggable connections – cable assemblies from WAGO

The cable is pre-assembled with a socket and a free end. The WNSTA® Pluggable Connection System is ideally tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and therefore faster, even more reliable, and error-free. Using this pre-assembled system decreases time spent on assembly and errors during installation at the construction site. Now you can also lower installation costs without compromising safety and quality. The WNSTA® MIDI pluggable installation connector with strain relief hosting reduces the need for servicing and prevents unnecessary downtime.

- pluggable installation connectors with protection against mismating
- for automation controllers
- suitable for any application
- ready for immediate use
- quick replacement of defective units during ongoing operation
