Cable assembly **WINSTA® MIDI 3-pole**

Use effective pluggable connections instead of laborious screw connections: With the **WINSTA® MIDI** cable assembly with protection type IP20. On PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to establish connections according to many different requirements in no time flat.

For greater protection in electrical installations, the pluggable installation connector is equipped with mechanical protection against mismatching. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20. General mains applications for almost any domain of use can be implemented with **WINSTA® MIDI** pluggable installation connectors with A coding. The rated current and voltage are important criteria for selecting a pluggable installation connector: They tell us about the product's domains of use. This product has a current rating of 20 A – therefore it is suitable for robust loads. **WINSTA® MIDI** with Push-in **CAGE CLAMP®** spring pressure connection technology is found in a variety of projects you can use for quick, easy, flexible, and secure electrical installation. This product meets all the relevant fire protection requirements of fire class E; therefore it can be used in areas where fire safety is relevant.

Fast, error-free assembly thanks to cable assemblies from WAGO

The cable assembly is provided with a plug and a free end. The WINSTA® Pluggable Connection System allows pluggable electrical installation. This significantly reduces the need for servicing and lowers costs. Enjoy the benefits of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MIDI pluggable installation connectors with strain relief hosting from WAGO.

- protection against mismating eliminates errors
- for automation controllers
- with A coding for a great number of uses
- custom-engineered solutions
- convenient installation and commissioning
