DIGITAL INNOVATION

Brightlayer – How we're bringing the digital future to light

ENERGY TRANSITION

Advancing a new energy future

SUSTAINABILITY

Eaton operations on track for carbon neutral by 2030

We're dedicated to improving people's lives and the environment with power management technologies that are more reliable, efficient, safe and sustainable.

Every day, all around the world, people depend on technology for transportation, energy and infrastructure to live and work. With rapid growth in electrification, an energy transition driven by climate change and explosive growth in connectivity, we're well positioned to address the world's toughest electrical, hydraulic and mechanical power management challenges. Because that's what really matters, we're here to make sure it works.

Eaton second quarter earnings

Eaton announced second quarter 2021 earnings on 3 August 2021 before the opening of the New York Stock Exchange. The company held a conference call that day to discuss second quarter 2021 earnings results with securities analysts and institutional investors. The webcast and corresponding presentation materials are available on the financial presentations and webcasts page.
