

Item no. 770-1741

WINSTA® MIDI > T-distribution connector; 5-pole; Cod. B; 1 input; 2 outputs; 3 locking levers; for flying leads; gray

Color:

Distribution connector **WINSTA® MIDI** with protection against mismatching

The **WINSTA® MIDI** distribution connector rated current 25 A ensures rapid, correct installation. The pluggable installation connectors with spring pressure connection technology work without screw connections. They allow flexible, error-free installation in a large number of possible uses.

The color coding and mechanical coding of the pluggable installation connector ensure error-free installation of the individual components – including protection against mismatching. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20. Solutions like the **WINSTA® MIDI** pluggable installation connectors with B coding are appropriate for process control, for example, for lighting or in data networks. This pluggable installation connector can be used for electrical currents up to 25 A. Thus the product is ideally suitable for high power loads. The **WINSTA® MIDI** Pluggable Connection System with Push-in **CAGE CLAMP®** spring pressure connection technology facilitates precise electrification. Thanks to the included test slot, it is possible to check connections even when they are plugged in. That saves time and reduces installation labor and costs.

WINSTA® MIDI solutions for your electrical installation – protected against

mismating and maintenance-free

The WINSTA® Pluggable Connection System is perfectly tailored to the strict requirements of building installation. It makes electrical installation pluggable, and consequently faster, more reliable, and error-free. Using this pre-assembled system reduces assembly times and installation errors at the construction site. Choose durability and quality – the WINSTA® MDI pluggable installation connector with marking from WAGO makes the electrical installation of electrical components substantially easier.

- pluggable installation connectors with protection against mismating
- pre-assembled versions
- with B coding for use in automation of processes, such as lighting technology
- custom-engineered solutions
- convenient installation and commissioning
