771-9985/207-402

Item no. 771-9985/207-402

WINSTA® MIDI > pre-assembled connecting cable; Eca;
Plug/open-ended; 5-pole; Cod. I; H05VV-F 5G 2.5 mm²; 4m;
2,50 mm²; blue

Color:

Cable assembly **WINSTA® MIDI I** coding

Use effective pluggable connections instead of laborious screw connections: With the **WINSTA® MIDI** cable assembly with protection type IP20. Whether on PCBs, in control cabinets or for connecting lights – pluggable installation connectors from **WAGO** allow you to establish connections according to various requirements in seconds.

For greater protection in electrical installations, the pluggable installation connector is equipped with mechanical protection against mismatching. The pluggable installation connector is protected in accordance with protection type IP20. This means that users' fingers will never come into contact with electrified contact elements. **WINSTA® MIDI** pluggable installation connectors with I coding in blue are above all suitable for lighting management, for example for the dimming of DALI lights. Important parameters in the selection of a pluggable installation connector are the rated current and voltage: They provide information about possible domains of use and applications. This product has a current rating of 20 A – therefore it is also suitable for robust loads. The **WINSTA® MIDI** Pluggable Connection System with Push-in **CAGE CLAMP®** spring pressure connection technology facilitates precise electrification. Due to the built-in test slot, connections can be checked even when they are plugged in. This saves time, labor, and money. This product meets all the mandatory fire protection

requirements of fire class E; as a result it can be used in domains where fire safety is relevant.

Fast, secure pluggable connections – cable assemblies from WAGO

A plug and a free end are available. WINSTA® is the pluggable connection system that is ideally tailored to the strict requirements of electrical installation. It allows error-free installation of cables and components, quickly and reliably. Take advantage of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MIDI pluggable installation connectors with protection against mismatching from WAGO.

- effective protection against mismatching
- for automation controllers
- with I coding for use in building automation (lighting control)
- exact dimensions
- rapid, structured electrical installation
