

Item no. 771-9995/207-302

**WINSTA® MIDI** > pre-assembled connecting cable; Eca;  
 Plug/open-ended; 5-pole; Cod. A; H05VV-F 5G 2.5 mm<sup>2</sup>; 3 m;  
 2,50 mm<sup>2</sup>; white

Color:

## Cable assembly **WINSTA® MIDI A** coding

The **WINSTA® MIDI** cable assembly 5-pole is the pluggable solution for your use in control cabinets, for lighting connections or on PCBs. WAGO pluggable installation connectors can be used when specifications repeat or are planned on a defined grid, for example for installing grid lighting or flush-mount lighting.

For greater security in electrical installations, the pluggable installation connector is equipped with mechanical protection against mismatching. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20. General mains applications for almost any domain of use can be realised with **WINSTA® MIDI** pluggable installation connectors with A coding. The rated current and voltage are important criteria for selecting a pluggable installation connector: They provide information about possible domains of use and applications. This product has a current rating of 20 A – as a result it is also suitable for powerful loads. The **WINSTA® MIDI** product line allows total flexibility for the electrical installation. With its Push-in **CAGE CLAMP®** spring pressure connection technology, it achieves error-free, time-saving installation and offers customization and flexibility for meeting an enormous variety of installation requirements. Of course, the safety of buildings must always be ensured, even after the electrical installation has been

performed. The mandatory safety requirements in connection with EU CPR are met by this product through fire class E.

## Pluggable connections instead of screw connections – cable assemblies from WAGO

The cable assembly is equipped with a plug and a free end. The WINSTA® Pluggable Connection System allows pluggable electrical installation. This significantly reduces the need for servicing and lowers costs. Take advantage of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MIDI pluggable installation connectors with strain relief hosting from WAGO.

- effective protection against mismating
- pre-assembled versions
- with A coding for use in many general mains applications
- exact dimensions
- fast, secure installation
