

Item no. 899-631/104-000

WINSTA® Boxen > Distribution box; Single-phase current (230 V); 1 input; 7 outputs; Cod. A; MIDI; black

Color:

WINSTA® Boxen rated current 25 A

When using the distribution box from the *WINSTA® Boxen* product line with protection against mismatching, straightforward electrical installation is guaranteed. An extensive range of accessories rounds out the *WINSTA®* product line from WAGO.

The coding options reduce installation errors, allowing fast, maintenance-free wiring of all components. The distribution box is protected against ingress by solid objects in accordance with protection type IP20. General mains applications for almost any domain of use can be realised with *WINSTA® Boxen* with A coding. This distribution box can be used for a current load of up to 25 A. Thus, it can also be used for high power loads.

Push-in CAGE CLAMP® spring pressure connection technology – pluggable installation instead of laborious screw connections!

WINSTA® is the pluggable connection system that is perfectly tailored to the strict requirements of electrical installation. It allows fast, secure and, above all, error-free installation of components and cables. Now you can also lower installation costs without compromising safety and quality. The

WVNSTA® Boxen with protection against mismatching eliminate the need for servicing and prevent unnecessary downtime.

- distribution boxes with protection against mismatching
- clear slot identification for easy commissioning
- products perfectly tailored to your requirements guarantee safe use
- for any mains application
- quick replacement of defective units during ongoing operation
