

CZ-EMM

PROXIMITY CARD READERS

Growing market demand for standalone access control system inspired SATEL's engineers to develop flexible solution that meets the requirements of numerous groups of customers.

ACCO system consist of distributed intelligent devices networked for central supervision and management. The combination of proven hardware and software solutions with though out system concept ensures the highest possible quality and makes it suitable for individual needs.

FEATURES

- installed directly on wall/door frame
- communication format: EM Marin
- support for 125 kHz proximity cards/tags
- optional **CZ-EMM-POD** spacer pad available

TECHNICAL SPECIFICATION

Supply voltage (±15%)	12V DC
Maximum current consumption	50 mA
Reader dimensions	120 x 80 x 16 mm
Reader operating temperature range	-20°C...+55°C
Reader operating humidity range	0...95%
Reader operating frequency	125 kHz
Data transmission standard	EM-MARIN
Weight	98 g
