DIN RAIL COMPATIBLE ZONES AND OUTPUTS EXPANSION MODULE

INTEGRA expansion modules are the very important part of SATEL products portfolio. They can be used to expand the functionality of the panels, and to adjust the system to individual needs. Apart from zones and output expansion, they enable additional features such as e.g. access control.

FEATURES

- 8 programmable zones
- 8 relay outputs for direct control of 230 V mains powered appliances
- installation directly on 35 mm DIN rail

TECHNICAL SPECIFICATION

Number of zones	8
Number of outputs	8
Rated supply voltage	12 V DC $\pm 15\%$
Maximum current consumption (with active relays)	280 mA
Maximum voltage switched by the relay	250 V AC
Maximum current switched by the relay (for resistive load)	16 A
Environment class	II
Working temperature range	-10°C...+55°C
Dimensions	122 x 93 x 58 mm
Weight	305 g
