Stepped column	Conical	Cylindrical column
with variable diameter	column	with constant diameter

Maximum height for columns with post top lanterns: 20 m Maximum height for columns with side entry lanterns with brackets: 18 m Performance under vehicle impact (passive safety), all columns: 0

> produced by or for Vik Ørsta AS

Postboks 193, NO-6151 Ørsta, Norway

and produced in the manufacturing plants Ørsta (Hovden and Ura), Norway

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard

EN 40-5:2002

under system 1 for the performances set out in this certificate are applied and that

## the construction products fulfil the prescribed requirements for these performances.

This certificate was first issued on 2009-07-03 and will remain valid as long as the test methods and/or factory production control requirements included in the harmonised standard, used to assess the performance of the declared essential characteristics, do not change, and the construction product, and the manufacturing conditions in the plant are not modified significantly, unless suspended or withdrawn by the product certification body.
