

Front plate for IZMX16 fixed, HxW= 500 x 400mm

Part no.

Catalog No.

EL-Nummer  
(Norway)

XLMFA16F4

196232

2457142

Technical data ETIM 7.0

|                                                                                                                                                                                                                             |  |    |                |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|----|----------------|
| Cabinet enclosures (EG000011) / Front plate (switchgear cabinet) (EC000456)                                                                                                                                                 |  |    |                |
| Electric engineering, automation, process control engineering / Electrical cabinet, housing, rack / Elements for switching cabinet, housing, rack / Front plate (electrical cabinet) (ecI@ss10.0.1-27-18-28-06 [AKE465013]) |  |    |                |
| Width                                                                                                                                                                                                                       |  | mm | 323            |
| Height                                                                                                                                                                                                                      |  | mm | 600            |
| Suitable for enclosure building width                                                                                                                                                                                       |  | mm | 0              |
| Suitable for enclosure building height                                                                                                                                                                                      |  | mm | 0              |
| Number of height units                                                                                                                                                                                                      |  |    | 0              |
| Material                                                                                                                                                                                                                    |  |    | Steel          |
| Surface finishing                                                                                                                                                                                                           |  |    | Powder coating |
