

Front plate for 2x PDE4, HxW= 700 x 600mm

Part no.

Catalog No.

EL-Nummer  
(Norway)

XLMF2P4VF76

196300

2456958

Technical data ETIM 7.0

|                                                                                                                                                                                                                                |  |    |                |
