

HARVIA HPC

HPC900400

The Harvia Cilindro electric heater contains a massive amount of stones. Thanks to the grate-like outer shell, each bather can adjust the nature of the steam: soft when throwing water onto the side of the heater and sharp when throwing water straight on top of the stone pillar. Cilindro is impressive to both look at and experience.

Advantages

- Contains a massive amount of stones that provides soft yet strong heat
- Outer surface made of stainless steel
- With integrated timer and thermostat

Features

Main material : Steel

H x W x D : 930.0 x 320.0 x 320.0 mm
