

# ELECTRIC SAUNA HEATER HARVIA CILINDRO PLUS SPOT

item number: HPP700400SP / HPP900400SP

models: PP70SP / PP90SP

**HARVIA**  
Sauna & Spa

## An impressive pillar heater with wireless control switch

- Wireless: no wires or visible sensor components
- Easy to use: illuminated one push button – simply the functions you need every day
- The signal LED lights indicate operating mode or possible error condition
- Enables switching the heater on or off with just one touch
- The splash-proof control switch can be installed inside the sauna or the washroom, in the immediate vicinity of the heater
- The radio signal range is 5-10 meters (depending on the wall structures)
- The heater's on- time can be adjusted (2h/4h/6h)
- Replaceable battery (lifetime ~5 years)

## Technical data

Use	Medium sized saunas in domestic use
Control type	SPOT (with a wireless digital switch and integrated manual thermostat)
Sauna room volume (m3)	6-8 m <sup>3</sup> (PP70SP) 8-14 m <sup>3</sup> (PP90SP)
Output (kW)	6,8 kW (PP70SP) 9 kW (PP90SP)
Supply voltage (V)	400 V 3N
Fuse (A)	3x10 (PP70SP) 3x16 (PP90SP)
Weight (kg)	11,5 kg (PP70SP) 12,5 kg (PP90SP)
Stone capacity	90 kg (Ø 5–10 cm, AC3000)
Protection class (IPxx)	IPX4

## Dimensions

Space requirements (Width x Depth x height)	510 x 510 x 1800 mm
Height	1020 mm
Width	310 mm
Depth	310 mm
Safety distance (sides)	100 mm
Safety distance (top)	880 mm
Safety distance (bottom)	20 mm
