

HARVIA HRL

HRL200400

The Harvia Profi heater is designed to be a super heater that provides ample steam for large groups from morning till night. The heater is suitable for apartment buildings, hotels, holiday resorts, sports centres and spas etc. Heaters used in large saunas or on a continuous basis must be functional, efficient and easy to use. The range of floor-mounted Profi heaters is of world-famous Harvia quality that will not pale in comparison. Most importantly, the Profi heater provides your demanding customers with professional sauna enjoyment and moments of relaxation. Profi heaters are controlled by a separate control unit.

Features

Main material : Steel

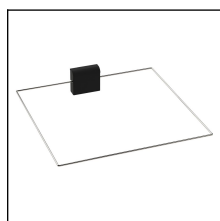

H x W x D : 730.0 x 500.0 x 900.0 mm

Net weight (kg) : 48.0

Installation type : Floor

Technical details

Technical data	Type / attribute	HRL200400
	Color	Stainless Steel
	Power output	20 kW
	Stone sizes	5-10 cm
	Stone amount (kg)	100
Dimensions	Product width (mm)	500
	Product height (mm)	730
	Product depth (mm)	900
	Net weight (kg)	48
	Gross weight	51.4
	Package width	545
	Package height	790
	Package depth	950
Safety and installation dimensions	Safety distance front (non-combustible materials)	100
	Safety distance front (combustible materials)	100
	Safety distance side (non-combustible materials)	160
	Safety distance side (combustible materials)	160
	Safety distance behind (non-combustible materials)	160
	Safety distance (Ceiling) (depends on connections and therefore from output, star/delta)	1400
	Room min. height(depends on connections and therefore from output, star/delta)	2100
	Installation opening height	2130
	Installation opening width	760
	Installation opening depth	1160
