Art.	HDR15-12
DESCRIPTION	GSM system & IP videokit slim line power supply unit: 12Vdc PSU
MAINS INPUT	230Vac (50/60Hz) mains input
OUTPUT VOLTAGE	12Vdc (+ / -)
CURRENT (A)	1.25A
PROTECTION	Over Load protection type: Constant current limiting, recovers automatically after fault condition is removed. Over Voltage protection type: 14.2V - 16.2Vdc, shut down output voltage, clamping by zener diode
VOLTAGE ADJUSTMENTS	Yes: variable POT, voltage adj. range: 10.8V - 13.8Vdc
POWER RATING	15W (approx.)
MODULE ENCLOSURE	1.5 Modules A Type DIN box
ENCLOSURE MATERIAL	Black high impact ABS plastics
MOUNTING	Surface: DIN rail only
DIMENSIONS (MM)	17.5 (W) x 90 (L) x 54.5 (H)
WORKING TEMP.	-10° to +50°C
SYSTEM & FUNCTION	For use with all GSM series audiokits including the latest 4G GSM series. Also for use with IPVK and IPVR videokits and AKMI-1 MiAccess proximity kits.
