

MOON BASIC E27 RECYCLED

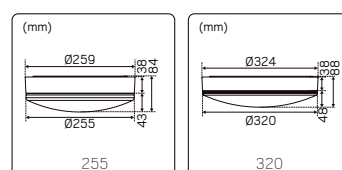

A Hide-a-lite choice – a conscious choice for a sustainable future. From the deepest ocean to modern safety lights in Scandinavian stairwells. Now for the first time, we at Hide-a-lite present a plafond made from pure, recycled ocean plastic – Moon Basic E27 Recycled. Not only does the plafond consist of 90% recycled material – you can easily take apart the luminaire and replace parts after use. We recycle more and save the earth's resources. Moon Basic Recycled E27 is the perfect plafond for the private indoor environment such as stairwells, storage rooms and wardrobes, for surface mounting. Choose the light source you want with properties as needed (not included). With recycled material, easy installation and minimal maintenance, the plafond is an economical, environmentally-conscious and sustainable choice for the future.

- Consists of 90% recycled ocean plastic
- Recyclable – easy to take apart
- Choose the light source (E27) according to desired properties and needs
- Adapted for concealed and surface-mounted cable routing
