| EAN: | 7611614037639 |
| Length | 175 mm |
| Width | 120 mm |
| Depth | 64 mm |
| Break-out openings Ø 20 mm | 2 |
| Combination conduit entries M20/25 | 14 |
| Combination conduit entries M20/25/32 | 4 |
| Number of nails | 4 |
| Dispatch | 5 |

KAISER wire-pull casings ensure expert cable routing through conduit networks. According to DIN 18015-1, conduit lengths of more than 15 m and with more than two bends require wire-pull casings that allow cables to be added or retrofitted at any time. Wire-pull casings provide multiple conduit entry options and maximum free space to ensure a continuous cable network, including with subsequent changes to the electrical installation.

- Quick and secure installation using pre-inserted nails
- Clean stripping where exposed concrete is required
- High dimensional stability, no internal support required
- Multiple conduit entry options
- Stackable
