POLE PLATE FEATURES

- Precut hole pattern to suit Charge Amps Aura EV-charger
- For mounting on a Ø 60 mm steel tube
- Robust steel construction
- Powder coated, available in various colors. Contact Next Green for more information

Next Green Poleplate is a charger mount for installation on a Ø 60 mm pole. Poleplate is made of Swedish steel and powder coated to provide the highest durability and quality. Poleplate enables easy mounting of a charging box to a steel tube.

Poleplate is manufactured in Sweden for the Nordic climate. It has a powder-coated design to withstand wind and weather. The Poleplate charging box holder is a cost-effective pole mount.

Poleplate Charge Amps Aura facilitates changing an engine heater station to a charging station and can be used to replace an engine heater central.
