

REACH Compliance Declaration

Stansefabrikken Products AS provides products and solutions within a broad range of Electrical Cabinets, and distributes a large selection of associated components. The products are primarily marketed and sold to the Norwegian electrical market.

Stansefabrikken comply to the REACH regulation (Registration, Authorisation and Restriction of Chemicals - EC 1907/2006 including subsequent amendments) and the latest candidate list of Substances of Very High Concern (SVHC). We continuously strive to ensure that our products are designed in compliance with REACH requirements. Cooperation and communication with our suppliers and sub-suppliers contribute to uncover any SVHC in the products we distribute. The notification and reporting obligations to the European Chemicals Agency (ECHA) have been implemented and are continuously being fulfilled.

In accordance with REACH article 33 we hereby inform you that in some of our products the following substance, from the current SVHC candidate list and in concentration above 0,1% by weight, can be identified:

- **Lead**, CAS no. 7439-92-1 *
- **Lead titanium trioxide**, CAS no. 12060-00-3 *
- **Diocetyl tin bis(2-ethylhexyl mercaptoacetate)**, CAS no. 15571-58-1 *
- **Potassium nonafluorobutane-1-sulphonate**, CAS no. 29420-49-3 *

*Can be found in articles within the product groups listed in **Appendix 1**. For information requests, please use the contact information provided below.
