

# Q-BOX MULTI CASAMBI

Q-box Multi is our connection box prepared for quick connection and control of lighting via Casambi, giving you full control of the light directly through a simple app. The box is IP20-rated and intended for installation in suspended ceilings or surface mounting indoors. It can be fixed with screws to any surface. Supplied with screws for mounting Casambi smart modules and cables for easy connection between terminal block and module. Strain relief for both cables and conduit, loop-in loop-out.

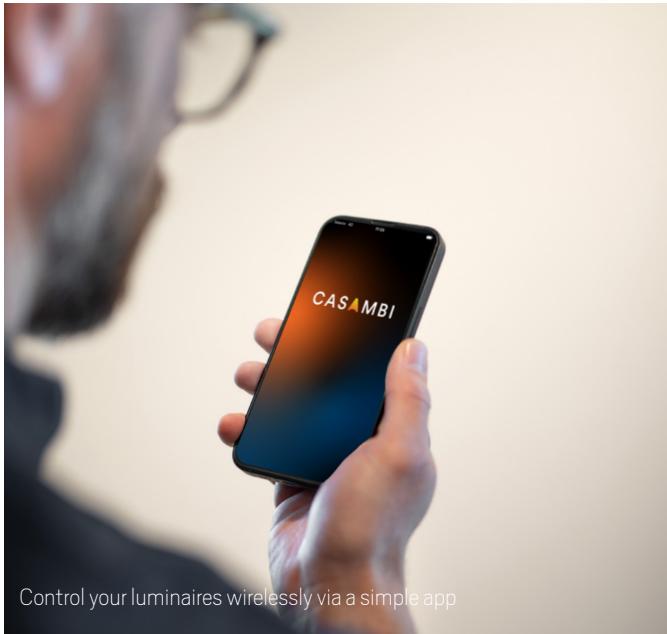

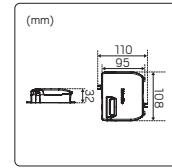

- New easy-to-install Q-box for smart Casambi devices
- Control your luminaires wirelessly via a simple app
- Loops both incoming power supply and lighting control
- Control options via On/Off, dimmable, DALI, 0/1-10V, LED strip single colour, TW, RGB and RGBW
