

Replaceable LED & driver

INDLINE G2 IP23 SPORT

Indline G2 IP23 Sport is a variant of Indline G2 IP23 with protective grille, designed for sports halls and other activity areas. With different beam angles and asymmetric light distribution, it ensures even and efficient lighting, ideal for large areas. The luminaire is delivered complete with protective grille and complies with ball impact test. As with the standard Indline G2 IP23, installation is simple, with quick connectors on both sides allowing installation without opening the luminaire. Available with On/Off or DALI control options. Indline G2 IP23 Sport offers several mounting options, such as trunking rail, surface ceiling, wall or wire. Adjustable ceiling and wall brackets are available as accessories.

- Large family of fluorescent replacements – perfect for your industrial environment
- Replaceable LED and driver
- Openable end caps for easy installation
- Mounting options: trunking rail, surface ceiling, wall or wire
- Control the lighting via On/Off or DALI
- Lifetime L80 100,000h Ta 25°C, (DALI CLO L100 100,000h Ta 25°C)
- Lifetime driver 100 000h /10%
