

12V 12Ah Valve Regulated Lead Acid Battery, Non-Spillable, Faston 4.8, V0

Basic data:

ID	0118780004
GTIN	7630268404765

Features:

CP12-12, 3.9kg, 151x98x99 (L*W*H) mm, Flame Retardant Shell

Technical data:

Model:	Lead (dry cell, AGM)
Type:	Stationary
Application:	Cyclic
Suitable for various applications:	Yes
Suitable for UPS:	Yes
Suitable for battery charger unit:	Yes
Suitable for telecom:	Yes
Nominal voltage:	12 V
Capacity 15h:	11.8 Ah
Capacity 20h:	12 Ah
Connector:	Faston 4.8
Length:	151 mm
Width:	98 mm
Height including pole:	99 mm
Weight:	3.9 kg
Ambient temperature:	-20 ... 60 °C
Fire resistance according to UL94:	V0
Lifespan at 20 °C:	5 year
Number of cycles to a depth of discharge of 100%	300
Number of cycles to a depth of discharge of 80%	400
Number of cycles to a depth of discharge of 60%	500
Number of cycles to a depth of discharge of 50%	600
