

12V 17Ah 20HR Valve Regulated Lead Acid Battery, Non-Spillable, M5 Female, HB

Basic data:

ID	0118780015
GTIN	7630268415174

Features:

CP12-17 NP, 5Kg, 181x76x167(L*W*H) mm, Non-Flame-Retardant Shell

Technical data:

Model:	Lead (dry cell, AGM)
Type:	Stationary
Application:	Cyclic
Suitable for various applications:	Yes
Suitable for UPS:	Yes
Suitable for battery charger unit:	Yes
Suitable for telecom:	Yes
Nominal voltage:	12 V
Capacity 15h:	16 Ah
Capacity 20h:	17 Ah
Connector:	Female insert M5
Length:	181 mm
Width:	76 mm
Height including pole:	167 mm
Weight:	5 kg
Ambient temperature:	-20 ... 60 °C
Fire resistance according to UL94:	HB
Lifespan at 20 °C:	5 year
Number of cycles to a depth of discharge of 100%	300
Number of cycles to a depth of discharge of 80%	400
Number of cycles to a depth of discharge of 60%	500
Number of cycles to a depth of discharge of 50%	600
