

12V 24Ah 20HR Valve Regulated Lead Acid Battery, Non-Spillable, M5 Female, V0

Basic data:

ID	0118780009
GTIN	7630268415235

Features:

CP12-24, 8.3Kg, 166x175x125(L*W*H) mm, Flame Retardant Shell

Technical data:

Model:	Lead (dry cell, AGM)
Type:	Stationary
Application:	Cyclic
Suitable for various applications:	Yes
Suitable for UPS:	Yes
Suitable for battery charger unit:	Yes
Suitable for telecom:	Yes
Nominal voltage:	12 V
Capacity 15h:	23 Ah
Capacity 20h:	24 Ah
Connector:	Female insert M5
Length:	166 mm
Width:	175 mm
Height including pole:	125 mm
Weight:	8.3 kg
Ambient temperature:	-20 ... 60 °C
Fire resistance according to UL94:	V0
Lifespan at 20 °C:	5 year
Number of cycles to a depth of discharge of 100%	300
Number of cycles to a depth of discharge of 80%	400
Number of cycles to a depth of discharge of 60%	500
Number of cycles to a depth of discharge of 50%	600
