

AUXILIARY SW. WITH TEST BUTTON 2NO FOR MCB 5SL, 5SY, 5SP, ON-OFF-SW. 5TL1, RCBO 5SU1, RCD 5SV, FOR LOW POWER

| Model                                   |                                    |
|-----------------------------------------|------------------------------------|
| Product brand name                      | SENTRON                            |
| Product designation                     | Auxiliary current switch           |
| Design of the product                   | Mountable                          |
| Design of the product / factory mounted | No                                 |
| Control current                         |                                    |
| Type of voltage / of control voltage    | AC/DC                              |
| Product details                         |                                    |
| Product extension                       | Auxiliary current switch           |
| • can be mounted                        | RCBO and miniature circuit breaker |
| Number                                  |                                    |
| Number of fault signal contacts         | 0                                  |
| Number of NC contacts                   | 0                                  |
| Number of NO contacts                   | 2                                  |
| Number of CO contacts                   | 0                                  |
| Mechanical Design                       |                                    |
| Height                                  | 90 mm                              |

|                          |       |
|--------------------------|-------|
| Width                    | 9 mm  |
| Depth                    | 70 mm |
| Number of width units    | 0.5   |
| Net weight               | 45 g  |
| Equipment marking        | SF    |
| • acc. to DIN EN 81346-2 |       |
