PROJECTS - completed the range of push-button commands: presence detectors for automatic switching of lights, anti-black-out lamps, smoke detectors, tv and sat socket-outlets, telephone, audio and video connectors and network cabling. A touch panel controls everything from a single point, including the irrigation system and alarm devices.

PROJECTS - functions, and communal spaces and patient rooms are equipped with white or titanium-coloured chorus one plates. All of the illuminated safety signs are also provided by GEWISS, and the supply contract was completed with a selection of lighting devices from the mercury series and led devices from the Dedalo series.
