Extremely thin. Fits behind any cupboard or cabinet. Prevents tripping hazards.

EVoline[®] Plug | PlugFix

The EVoline Plug's ultra-low profile easily fits behind any piece of furniture. The intelligent joint mechanism transforms the handle into a lever – and the plug can be easily removed from the socket. Even in case of a pull on the cable, the plug is released without damage.

EVoline Plug Fix as flat plug solution for manufacturers cannot be dismantled. Our range offers versions with wire end ferrules, couplings, 3-gang socket rail or connectors.
